**Break No Bones: A Novel (Temperance Brennan Novels)** By Kathy Reichs

**To some, the dead are a commodity. For Tempe Brennan, they hold the key to cracking a horrific crime ring.**

Among the ancient remains in a Native American burial ground, Tempe discovers a fresh skeleton -- and what began as an ordinary teaching stint at an archeology field school in Charleston, South Carolina, fast becomes a heated investigation into an alarming pattern of homicides. The clues hidden in the bones lead to a street clinic where a monstrous discovery awaits, and Tempe -- whose personal life is in upheaval, with two men competing for her -- can't afford any distractions as she pieces together a shattering and terrifying puzzle.

### Editorial Review

From Publishers Weekly

The success of the Fox TV show *Bones*, based on bestseller Reichs's series featuring forensic anthropologist Temperance Brennan (*Cross Bones*, etc.), bodes well for this latest installment, in which Brennan once again stumbles on a modern-day mystery inadvertently. While supervising a dig of Native American burial grounds in Charleston, S.C., Brennan finds more recent remains. Soon, her ex-husband, who's a lawyer, appears in town, pursuing leads in a missing persons case connected with a local church. Bodies start piling up at an alarming rate, and Brennan begins to suspect that the deaths are linked to each other—and her ex-husband's inquiry. Reichs's down-to-earth heroine is an appealing creation, who deftly juggles personal problems with professional challenges. Despite the somewhat obvious solution, this novel confirms the series' place in the front rank of the ever-expanding forensic thriller subgenre. (*July*)

From [Booklist](#)

In this ninth in the popular series, forensic anthropologist Tempe Brennan is spending two weeks in May on Dewees, a barrier island north of Charleston, South Carolina, where she is leading a student excavation of a prehistoric site when one of the bodies they find isn't so ancient. After reporting her find to her friend Emma Rousseau, coroner at the Charleston County Coroner's Office, Tempe learns that Emma is ill and unable to investigate; so Tempe fills in for her as a consultant. When another body is found in a different location, the forensic examination of the bones shows a similarity in the manner of death. As Tempe investigates further, another body turns up, leading her to a horrifying conclusion about the motive for these deaths. Complicating matters, Tempe's estranged husband moves into the house she has borrowed, and her boyfriend arrives unexpectedly from Montreal. Tempe must work through her ambivalence about divorcing her unfaithful husband, for whom she still has feelings, but she also cares for her boyfriend. Readers who enjoy Patricia Cornwell's mysteries will appreciate the forensic detail here, and more character-oriented readers will respond to Reichs' likable and well-developed cast, from the local sheriff to Tempe herself, a dedicated woman who feels compelled to provide justice for those who can no longer speak for themselves. An engrossing entry in a widely read series. *Sue O'Brien*

Review

"A rare treat....Mesmerizing."

- Ann Rule

"Engrossing."

- *Entertainment Weekly*

"Tempe Brennan is the lab lady most likely to dethrone Patricia Cornwell's Kay Scarpetta."

-- *USA Today*

"A brilliant novel....Fascinating science...A must-read."

- Jeffery Deaver
