Editorial Review

From School Library Journal

Grade 4 Up-The latest incarnation of children's literature's most famous girl detective is this crisp, stylish graphic novel. Although fully updated with new stories; dark, edgy illustrations; and all the latest technological gadgets, the plot is drawn out in classic Carolyn Keene-style-all action at a brisk pace. Nancy tracks down two missing film students while uncovering a businessman's sinister plot to blow up a depleted iron mine. While investigating, she fights off a bear, gets lost in the woods, falls down a mineshaft, and reveals the identity of the Demon of River Heights, all without a scratch or a hair out of place. The sleuth's 21st-century makeover introduces traditional mysteries to the world of juvenile graphic novels, and is most welcome. Expect new titles in the series every three months.-*Karen T. Bilton, Somerset County Library, Bridgewater, NJ*

Reviewed with Scott Lobdell's *The Ocean of Osyria*.

Gr. 4-6. These graphic-novel-style versions of the Hardy Boys and Nancy Drew adventures will appeal to young graphic-novel fans as well as readers new to the venerable amateur sleuths. The pocket-size books, first in their respective series, are appealingly presented. The *manga*-influenced art is very colorful, and the brisk pacing, with just a few frames per page, makes for an easy read--perfect for reluctant readers.

In *The Ocean*, those well-mannered Hardy boys, Joe and Frank (reimagined as tech-savvy crime solvers), return to fight a new generation of foes, the majority of whom appear to be Middle Eastern and French. Here, the young sleuths travel around the world in an attempt to recover a stolen artifact and save their best friend, who has been framed for the theft. Although this is a modernized version of the classic capers, with the Internet and cell phones playing key roles, the wholesomeness of the boys' principles remains the same.

In *The Demon*, Nancy, the classic American teenage heroine, manages to solve cases that baffle local police. This time she becomes involved in a student film about a local monster legend, which may turn out to be real, and a suspicious stranger arrives in town. For the most part, the artwork is crisp enough, but several pages appear to be substandard reproductions of original art. *Carlos Orellana*
