## Different: Escaping the Competitive Herd By Youngme Moon

### Why trying to be the best ... competing like crazy ... makes you mediocre

Every few years a book—through a combination of the author’s unique voice, storytelling ability, wit, and insight—simply breaks the mold. Bill Bryson’s *A Walk in the Woods* is one example. Richard Feynman’s “*Surely You’re Joking, Mr. Feynman!*” is another.

Now comes Youngme Moon’s *Different*, a book for “people who don’t read business books.” Actually, it’s more like a personal conversation with a friend who has thought deeply about how the world works ... and who gets you to see that world in a completely new light.

If there is one strain of conventional wisdom pervading every company in every industry, it’s the absolute importance of “competing like crazy.” Youngme Moon’s message is simply “Get off this treadmill that’s taking you nowhere. Going tit for tat and adding features, augmentations, and gimmicks to beat the competition has the perverse result of making you like everyone else.” *Different* provides a highly original perspective on what it means to offer something that is *meaningfully* different—different in a manner that is both fundamental and comprehensive.

Youngme Moon identifies the outliers, the mavericks, the iconoclasts—the players who have thoughtfully rejected orthodoxy in favor of an approach that is more adventurous. Some are even “hostile,” almost daring you to buy what they are selling. The MINI Cooper was launched with fearless abandon: “Worried that this car is too small? Look here. It’s even smaller than you think.”

These are players that strike a genuine chord with even the most jaded consumers. In fact, almost every success story of the past two decades has been an exception to the rule. Simply go to your computer and compare AOL and Yahoo! with Google. The former pile on feature upon feature to their home pages, while Google is like an austere boutique, dominating a category filled with “extras.”

*Different* shows how to succeed in a world where conformity reigns...but exceptions rule.

*From the Hardcover edition.*

**Marilynn Johnson:**

As a university student exactly feel bored to reading. If their teacher questioned them to go to the library in order to make summary for some e-book, they are complained. Just tiny students that has reading's internal or real their hobby. They just do what the educator want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Different: Escaping the Competitive Herd can make you feel more interested to read.
