## Color Design Workbook: A Real World Guide to Using Color in Graphic Design By Sean Adams, Terry Stone, Noreen Morioka

### Now in Paperback!

Since color is such a important part of graphic design, designers need the most up to date as well as the most fundamental, information on the subject to have the tools needed to use color effectively. From the meanings behind colors to working with color in presentations, this book provides readers with the vital information needed to apply color creatively and effectively to their design work. Readers also receive guidance on talking with clients about color and selling color ideas. The science behind color theory is also explained in easily understood language, and case studies are included to show the effects some color choices had on both their clients and consumers.

**Hector Duggan:**

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just minor students that has reading's spirit or real their hobby. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Color Design Workbook: A Real World Guide to Using Color in Graphic Design can make you really feel more interested to read.
