Editorial Review

About the Author

Arguably the greatest English-language playwright, William Shakespeare was a seventeenth-century writer and dramatist, and is known as the "Bard of Avon." Under the patronage of Queen Elizabeth I, he penned more than 30 plays, 154 sonnets, and numerous narrative poems and short verses. Equally accomplished in histories, tragedies, comedy, and romance, Shakespeare's most famous works include *Romeo and Juliet*, *Hamlet*, *Macbeth*, *King Lear*, *The Taming of the Shrew*, and *As You Like It*.

Like many of his contemporaries, including Christopher Marlowe, Shakespeare began his career on the stage, eventually rising to become part-owner of Lord Chamberlain's Men, a popular dramatic company of his day, and of the storied Globe Theatre in London.

Extremely popular in his lifetime, Shakespeare's works continue to resonate more than three hundred years after his death. His plays are performed more often than any other playwright's, have been translated into every major language in the world, and are studied widely by scholars and students.

Christopher Marlowe (1564-93) was an English playwright and poet, who through his establishment of blank verse as a medium for drama did much to free the Elizabethan theatre from the constraints of the medieval and Tudor dramatic tradition. His first play "*Tamburlaine the Great*", was performed that same year, probably by the Admiral's Men with Edward Alleyn in the lead. With its swaggering power-hungry title character and gorgeous verse the play proved to be enormously popular; Marlowe quickly wrote a second part, which may have been produced later that year. Marlowe's most famous play, "*The Tragical History of Doctor Faustus*", based on the medieval German legend of the scholar who sold his soul to the devil, was probably written and produced by 1590, although it was not published until 1604. Historically the play is important for utilizing the soliloquy as an aid to character analysis and development. "*The Jew of Malta*" ("c. 1590) has another unscrupulous aspiring character at its centre in the Machiavellian Barabas. "*Edward II*" ("c. 1592), which may have influenced Shakespeare's *Richard II*, was highly innovatory in its treatment of a historical character and formed an important break with the more simplistic chronicle plays that had preceded it. Marlowe also wrote two lesser plays, "*Dido, Queen of Carthage*" (date unknown) and "*The Massacre at Paris*" (1593), based on contemporary events in France. Marlowe was killed in a London tavern in May 1593. Although Marlowe's writing career lasted for only six years, his four major plays make him easily the most important predecessor of Shakespeare.
