## **Editorial Review**

From School Library Journal

Gr 4–8—Dahl story's are written to be enjoyed, to be provocative, to bypass adults and speak directly to children's psyches, and they certainly are birthed from a wellspring of imagination that is entirely unique in the world of children's literature. But few among his legions of fans will have read this collection of short stories originally published in 1977. These are complex, compelling, and complicated stories for more mature listeners. Mature not in an age-related sense, but in literary way; Dahl rewards patient and attuned listeners with stories that illuminate the meanness of children, the tenderness of a mother, or the greed of a character like Henry Sugar. The narration in this audio recording is spot on and superb. Andrew Scott's British lilt provides an intimate listening experience, as if we are all huddled together around a flashlight, long past our bedtimes, hanging on every word.—Meg B. Allison, Moretown School, Moretown, VT

Review

"Few modern writers have attracted such an appreciative audience among adults and children as Dahl. . . . All the tales are entrancing inventions." -- "Publishers Weekly"

From the Inside Flap

If you could see with your eyes closed, how would you use your power? That's what Henry has to decide in "The Wonderful Story of Henry Sugar," one of the seven stories in this extra-ordinary collection. In addition to imaginative and magical tales, this book also contains the true story of how Roald Dahl became a writer, as well as a copy of the very first nonfiction story he wrote for The Saturday Evening Post. Packed with wit and adventure, the collection is a clever mix of fantasy and reality -- and a stunning showcase of Dahl's prose.
