On the Genealogy of Morality By Friedrich Nietzsche, Maudemarie Clark, Alan J. Swensen

- Translation and Notes by Maudemarie Clark and Alan J. Swensen.
Introduction by Maudemarie Clark

This new edition is the product of a collaboration between a Germanist and a philosopher who is also a Nietzsche scholar. The translation strives not only to communicate a sense of Nietzsche's style but also to convey his meaning accurately—and thus to be an important advance on previous translations of this work. A superb set of notes ensures that Clark and Swensen's *Genealogy* will become the new edition of choice for classroom use.

"Hackett's *On the Genealogy of Morality* (we now have even the correct title!) may very well change the entire climate for reading Nietzsche in English—especially if read in conjunction with their equally splendid *Twilight of the Idols*. . . . Competing translations of Nietzsche's late, utterly influential masterpieces have often made them a chore, rather than a delight, to read; and their introductions generally obscure, rather than illuminate, the texts' situations. Clark and Swensen (and Polt and Strong) have made the *Genealogy* and *Twilight* accessible and exhilarating—while leaving them, as they are, enigmatic and problematic. Finally, readers of Nietzsche in English can—begin!"

—William Arctander O'Brien, *University of California, San Diego*

"This unique collaboration of an internationally renowned Nietzsche commentator and a scholar of German language and literature has yielded the finest existing edition of Nietzsche's book in English. The translation itself strikes an intelligent balance between fidelity to the German and readability in English. It is especially welcome for bringing an historically and philosophically sensitive appreciation of Nietzsche to bear on translation issues. (The decision to translate *Mitleid* consistently as 'compassion,' instead of 'pity'—thus emphasizing for the English-language reader Nietzsche's opposition to Schopenhauer's moral philosophy—is but one of many examples.) The Introduction is the most philosophically substantial guide to the *Genealogy* in any edition, and will be of value to both student and specialist. Most remarkable of all are the notes on the text: the wealth of biographical, historical, philosophical, and literary detail makes the volume the most informative and reader-friendly edition of Nietzsche's work to date. The notes will also prove

fascinating for the scholar, as the editors have tracked down the numerous contemporary scholarly sources on which Nietzsche relied in writing the Genealogy.”

—Brian Leiter, *University of Texas at Austin*

Editorial Review

Review

Hackett's *On the Genealogy of Morality* (we now have even the correct title!) may very well change the entire climate for reading Nietzsche in English--especially if read in conjunction with their equally splendid *Twilight of the Idols*. . . . Competing translations of Nietzsche's late, utterly influential masterpieces have often made them a chore, rather than a delight, to read; and their introductions generally obscure, rather than illuminate, the texts' situations. Clark and Swensen (and Polt and Strong) have made the *Genealogy* and *Twilight* accessible and exhilarating--while leaving them, as they are, enigmatic and problematic. Finally, readers of Nietzsche in English can--begin!--William Arctander O'Brien, University of California, San Diego

This unique collaboration of an internationally renowned Nietzsche commentator and a scholar of German language and literature has yielded the finest existing edition of Nietzsche's book in English. The translation itself strikes an intelligent balance between fidelity to the German and readability in English. It is especially welcome for bringing an historically and philosophically sensitive appreciation of Nietzsche to bear on translation issues. (The decision to translate Mitleid consistently as 'compassion,' instead of 'pity'--thus emphasizing for the English-language reader Nietzsche's opposition to Schopenhauer's moral philosophy--is but one of many examples.) The Introduction is the most philosophically substantial guide to the *Genealogy* in any edition, and will be of value to both student and specialist. Most remarkable of all are the notes on the text: the wealth of biographical, historical, philosophical, and literary detail makes the volume the most informative and reader-friendly edition of Nietzsche's work to date. The notes will also prove fascinating for the scholar, as the editors have tracked down the numerous contemporary scholarly sources on which Nietzsche relied in writing the *Genealogy*.--Brian Leiter, University of Texas at Austin

This is an excellent translation. The copious and detailed endnotes will make it easy for a beginner to grasp Nietzsche's thought--Fred Clark, Colorado State University

Language Notes

Text: English (translation)

Original Language: German

About the Author

Maudemarie Clark is Professor of Philosophy, Colgate University. Alan J. Swensen is Associate Professor of German, Colgate University.

Users Review

From reader reviews:

Evelyn Rodrigue:

What do you think of book? It is just for students since they are still students or that for all people in the world, exactly what the best subject for that? Just you can be answered for that question above. Every person has various personality and hobby for every other. Don't to be pressured someone or something that they don't wish do that. You must know how great in addition to important the book On the Genealogy of Morality. All type of book would you see on many resources. You can look for the internet options or other social media.

Lillian Albrecht:

Nowadays reading books be a little more than want or need but also get a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book in which improve your knowledge and information. The info you get based on what kind of reserve you read, if you want have more knowledge just go with training books but if you want sense happy read one having theme for entertaining like comic or novel. Typically the On the Genealogy of Morality is kind of e-book which is giving the reader erratic experience.

Dolores Schreiber:

The book untitled On the Genealogy of Morality contain a lot of information on the item. The writer explains her idea with easy way. The language is very easy to understand all the people, so do certainly not worry, you can easy to read this. The book was authored by famous author. The author provides you in the new period of literary works. It is easy to read this book because you can read more your smart phone, or gadget, so you can read the book within anywhere and anytime. If you want to buy the e-book, you can wide open their official web-site as well as order it. Have a nice study.

Brenda Burrows:

Is it anyone who having spare time then spend it whole day simply by watching television programs or just lying down on the bed? Do you need something new? This On the Genealogy of Morality can be the reply, oh how comes? The new book you know. You are and so out of date, spending your spare time by reading in this fresh era is common not a geek activity. So what these ebooks have than the others?
