From the Back Cover

Fame comes at a price.

Madison Parker played the game and has become the star she always knew she was destined to be. But being famous also means being a target, something her *Fame Game* costars are quickly learning, too. So, while Madison is trying to take back her reputation, up-and-coming actress Carmen is looking into who's feeding gossip about her to the press, and all signs point to someone from her inner circle. Kate has been dubbed "The Boring One" in the press and is getting some pointers from Madison about how to work the reality-TV system. But will Kate take the advice too far?

As the girls' careers heat up, they each discover that chasing their dreams almost always comes at a price. In the exciting conclusion to her *Fame Game* series, bestselling author and fashion designer Lauren Conrad pulls back the curtain on Hollywood to reveal that being glamorous isn't always pretty.
