## **Editorial Review**

### **About the Author**

"Dr D Jeya Mala is currently Associate Professor in Thiagarajar College of Engineering, Madurai, with a rich teaching and research experience of more than 12 years. She has been teaching courses like Object Oriented Analysis and Design (OOAD), Software Engineering and Software Testing. She has successfully guided numerous Software Development-based projects for The Great Mind Challenge (TGMC) contest, an Academic Initiative of IBM. As a researcher, she has investigated the practical aspects of Software Engineering and Object Oriented Paradigms for effective software development. Her work on Software Testing has fetched several grants from the University Grants Commission (UGC) under Major Research Project scheme. In addition, Dr Jeya Mala is a member of the Computer Society of India (CSI) and an invited member of the American Council for an Energy Efficient Economy (ACEEE). She holds a vital role in forming the reviewers' board in journals like IEEE Transactions on Software Engineering, Elsevier-Information Sciences, and International Journal of Metaheuristics, among others. She has also been listed in Marquis Who's Who List in 2011. Dr S Geetha is currently Associate Professor in Thiagarajar College of Engineering, Madurai. Having a rich teaching and research experience of more than 12 years, she has been successfully teaching courses like OOAD, Algorithms and Information Security. She has also guided several Software Development-based projects for The Great Mind Challenge (TGMC) contest, an Academic Initiative of IBM. Dr Geetha is a member of the Computer Society of India (CSI) and an invited member of International Conference on Applicable Computer Science and Technology (ICACST). She is also credited for holding a prominent role in forming the reviewers' board in journals like IEEE Transactions"

## **Users Review**

### **From reader reviews:**

#### **Teressa Fernandez:**

Have you spare time for a day? What do you do when you have a lot more or little spare time? Sure, you can choose the suitable activity with regard to spend your time. Any person spent their spare time to take a wander, shopping, or went to typically the Mall. How about open or even read a book titled Object Oriented Analysis and Design Using UML? Maybe it is being best activity for you. You understand beside you can spend your time along with your favorite's book, you can better than before. Do you agree with it has the opinion or you have other opinion?

#### **Janna Lefevre:**

Playing with family in a very park, coming to see the coastal world or hanging out with good friends is thing that usually you may have done when you have spare time, in that case why you don't try thing that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Object Oriented Analysis and Design Using UML, you may enjoy both. It is great combination right, you still desire to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't buy it, oh come on its called reading friends.

**Joy Carlson:**

That e-book can make you to feel relax. This kind of book Object Oriented Analysis and Design Using UML was multi-colored and of course has pictures around. As we know that book Object Oriented Analysis and Design Using UML has many kinds or variety. Start from kids until young adults. For example Naruto or Investigation company Conan you can read and feel that you are the character on there. Therefore , not at all of book are usually make you bored, any it offers up you feel happy, fun and rest. Try to choose the best book in your case and try to like reading which.

**Beulah Chavez:**

Reserve is one of source of information. We can add our information from it. Not only for students but in addition native or citizen need book to know the update information of year for you to year. As we know those guides have many advantages. Beside all of us add our knowledge, also can bring us to around the world. Through the book Object Oriented Analysis and Design Using UML we can have more advantage. Don't someone to be creative people? To be creative person must choose to read a book. Merely choose the best book that suited with your aim. Don't always be doubt to change your life with that book Object Oriented Analysis and Design Using UML. You can more pleasing than now.
