The Globalization of World Politics From Oxford University Press

Now in its fourth edition, this internationally successful text has been fully revised and updated in light of recent developments in world politics, with new chapters on the changing nature of war, human security, and international ethics. A comprehensive introduction to international relations, it is ideally suited to students coming to the subject for the first time. It provides a coherent, accessible, and lively account of the globalization of world politics.

FEATURES

- * Contains work from an impressive line-up of international contributors who are experts in their fields; the chapters have been carefully edited in order to ensure an integrated and coherent style throughout the book
- * Covers history, theory, structures and processes, and international issues
- * Offers a visually stunning 4-color interior
- * Enhanced by a comprehensive **Companion Website** (www.oup.com/uk/orc/bin/9780199297771/) that includes a test bank, PowerPoint slides, case studies, multiple-choice questions, links to journal articles, a flashcard glossary, and--new to this edition--video clips, video podcasts of contributors, and a news feed

NEW TO THIS EDITION

- * Three new chapters on the changing nature of war, human security, and international ethics
- * Each chapter includes a 400-word case study
- * More examples from the developing world

Editorial Review

Review

The Globalization of World Politics is one of the most commercially successful textbooks published by Oxford University Press, and with even a quick flick through it is not difficult to see why. It aims to combine history, theory, structure and process with contemporary international issues, and it does so in a way that is clearly presented. This is an ideal text for students who are new to the subject, but it also remains a key resource as students continue in their studies. Although the book's aim is introductory, its breadth and depth make it a worthwhile investment. Ariene Caloia, third-year politics student, Royal Holloway, University of London I have had very, very good experiences with your "IR bible" [The Globalization of World Politics by Baylis et al] as well as Strategy in the Contemporary World. I wish all my books were this informative - extremely well written, clearly structured and of high quality! Everywhere I go, I take these books with me. Keep up the good work! Romain Markwalder, Postgraduate student, King's College, London

About the Author

Professor John Baylis is Pro-Vice Chancellor at the University of Wales, Swansea. Professor Steve Smith is Vice-Chancellor of the University of Exeter, and a Professor of International Studies. Dr Patricia Owens is Department Lecturer in Strategic Studies at the University of Oxford and Seton Watson Research Fellow in International Relations, Oriel College, University of Oxford.

Users Review

From reader reviews:

Larry Parker:

Information is provisions for individuals to get better life, information these days can get by anyone from everywhere. The information can be a information or any news even a huge concern. What people must be consider any time those information which is inside former life are challenging to be find than now could be taking seriously which one is suitable to believe or which one the particular resource are convinced. If you get the unstable resource then you obtain it as your main information you will have huge disadvantage for you. All those possibilities will not happen with you if you take The Globalization of World Politics as your daily resource information.
