Eloquent Ruby (Addison-Wesley Professional Ruby) By Russ Olsen

It's easy to write correct Ruby code, but to gain the fluency needed to write *great* Ruby code, you must go beyond syntax and absorb the "Ruby way" of thinking and problem solving. In ***Eloquent Ruby***, Russ Olsen helps you write Ruby like true Rubyists do—so you can leverage its immense, surprising power.

Olsen draws on years of experience internalizing the Ruby culture and teaching Ruby to other programmers. He guides you to the "Ah Ha!" moments when it suddenly becomes clear why Ruby works the way it does, and how you can take advantage of this language's elegance and expressiveness.

Eloquent Ruby starts small, answering tactical questions focused on a single statement, method, test, or bug. You'll learn how to write code that actually looks like Ruby (not Java or C#); why Ruby has so many control structures; how to use strings, expressions, and symbols; and what dynamic typing is really good for.

Next, the book addresses bigger questions related to building methods and classes. You'll discover why Ruby classes contain so many tiny methods, when to use operator overloading, and when to avoid it. Olsen explains how to write Ruby code that writes its own code—and why you'll want to. He concludes with powerful project-level features and techniques ranging from gems to Domain Specific Languages.

A part of the renowned Addison-Wesley Professional Ruby Series, ***Eloquent Ruby*** will help you "put on your Ruby-colored glasses" and get results that make you a true believer.

Editorial Review

Review

"R>Eloquent Ruby is like programming in Ruby itself: fun, surprisingly deep, and you'll find yourself wishing it was always done this way. Wherever you are in your Ruby experience from novice to Rails developer, this book is a must read."

--Ethan Roberts

Owner, Monkey Mind LLC

"*Eloquent Ruby* lives up to its name. It's a smooth introduction to Ruby that's both well organized and enjoyable to read, as it covers all the essential topics in the right order. This is the book I wish I'd learned Ruby from."

--James Kebinger

Senior Software Engineer, PatientsLikeMe

www.monkeyatlarge.com

"Ruby's syntactic and logical aesthetics represent the pinnacle for elegance and beauty in the ALGOL family of programming languages. *Eloquent Ruby* is the perfect book to highlight this masterful language and Russ's blend of wit and wisdom is certain to entertain and inform."

--Michael Fogus

Contributor to the Clojure programming language and author of *The Joy of Clojure*

About the Author

Russ Olsen's career spans three decades, during which he has written everything from graphics device drivers to document management applications. These days, he diligently codes GIS, web service security, and process automation solutions. He spends much of his otherwise free time writing and speaking about programming, especially Ruby and Clojure. His first book was the highly regarded *Design Patterns In Ruby* (Addison-Wesley, 2007). He is also the lurking presence behind the Technology As If People Mattered blog at www.russolsen.com.

Users Review

From reader reviews:

Joshua Bush:

The book Eloquent Ruby (Addison-Wesley Professional Ruby) can give more knowledge and information about everything you want. Why then must we leave the best thing like a book Eloquent Ruby (Addison-Wesley Professional Ruby)? A number of you have a different opinion about reserve. But one aim this book can give many info for us. It is absolutely right. Right now, try to closer with the book. Knowledge or information that you take for that, you could give for each other; you may share all of these. Book Eloquent Ruby (Addison-Wesley Professional Ruby) has simple shape but the truth is know: it has great and large function for you. You can seem the enormous world by open and read a publication. So it is very wonderful.

Michelle Jennings:

Information is provisions for people to get better life, information currently can get by anyone at everywhere. The information can be a expertise or any news even restricted. What people must be consider any time those information which is from the former life are challenging to be find than now is taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you receive the unstable resource then you buy it as your main information you will have huge disadvantage for you. All those possibilities will not happen within you if you take Eloquent Ruby (Addison-Wesley Professional Ruby) as your daily resource information.

Virginia Carter:

Reading a publication can be one of a lot of task that everyone in the world enjoys. Do you like reading book consequently. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new information. When you read a publication you will get new information simply because book is one of several ways to share the information as well as their idea. Second, reading a book will make a person more imaginative. When you reading through a book especially fictional book the author will bring someone to imagine the story how the figures do it anything. Third, you are able to share your knowledge to other folks. When you read this Eloquent Ruby (Addison-Wesley Professional Ruby), you are able to tells your family, friends along with soon about yours e-book. Your knowledge can inspire the mediocre, make them reading a reserve.

Ester Beckles:

The book untitled Eloquent Ruby (Addison-Wesley Professional Ruby) contain a lot of information on that. The writer explains the woman idea with easy means. The language is very clear to see all the people, so do not necessarily worry, you can easy to read the item. The book was written by famous author. The author will take you in the new age of literary works. It is easy to read this book because you can read on your smart phone, or model, so you can read the book throughout anywhere and anytime. If you want to buy the e-book, you can open up their official web-site and also order it. Have a nice go through.
