Editorial Review

Amazon.com Review

It may surprise readers to discover that Islam is the fastest-growing religion in the world, according to *The Complete Idiot's Guide to Islam*. "However, even more eye-opening is the fact that Islam is the fastest growing religion in North America," writes author Yahiya Emerick (*How to Tell Others About Islam*). Paradoxically, Islam is also one of the most misunderstood and maligned religions in North America. Fortunately, Emerick has written a viable antidote to the widespread confusion and ignorance. Using the *Idiot's Guide*'s formula of questions and answers, sidebars, and small, easy-to-digest essays, Emerick makes Islam accessible to anyone who is inclined to learn more about this influential religion. Readers have much to glean from this comprehensive and balanced guidebook--primarily that Islam is a prayerful, peace-loving religion that has been misused in the name of terror, just as Hitler and other extremists have misused Christianity throughout history. Emerick devotes an entire section to "Looking at Women in Islam," in which readers can sort through even more misconceptions. The *Idiot's Guide* title belies the integrity of the book, which is an important contribution for our times. --Gail Hudson
