Editorial Review

Review

Conflict After the Cold War is a classic and first-rate reader that addresses enduring problems of international security and admirably represents a variety of theoretical orientations without overreliance on contemporary squabbles. By including classical and current readings, it helps students understand the important ideas, not just the names, behind theories of war and peace. Christopher Marcoux, College of William and Mary

About the Author

Richard K. Betts is the Arnold Saltzman Professor of War and Peace Studies in the Department of Political Science, the director of the Institute of War and Peace Studies, and the director of the International Security Policy Program in the School of International and Public Affairs at Columbia University. He is also Adjunct Senior Fellow for National Security Studies on the Council of Foreign Relations, a commissioner to the National Commission on Terrorism, and former staff member of the Senate Intelligence Committee. His research interests include national security, military strategy, and international conflict, and he has published numerous articles on foreign policy, military strategy, intelligence operations, conventional forces, nuclear weapons, arms trade, collective security, strategic issues in Asia, and other subjects.

Users Review
