Editorial Review

From the Back Cover

The CURE for your REIMBURSEMENT BLUES

Ever wonder how physicians and hospitals get paid? Thinking about a career as a medical insurance specialist? Find out what it takes to succeed in this challenging field -- even if you don't have formal training, unlimited time, and a genius IQ. *Medical Billing and Coding Demystified* offers an effective and enlightening way to learn how this complex system works.

This handy resource clearly explains the practices used by medical offices, hospitals, and healthcare facilities to encode medical services in order to receive payment from government agencies and insurance companies. You'll learn about the ethical and legal aspects of medical billing, and how to navigate insurance plans and the insurance claim cycle, including disputes. Featuring end-of-chapter quizzes and a final exam, this illuminating guide explains the complexities of medical billing and coding in no time at all.

This self-paced guide gives you:

- An easy way to understand how to code medical bills for payment
- An overview of medical billing software
- Proven strategies for finding a job in the healthcare industry
- A quiz at the end of each chapter to reinforce learning and pinpoint weaknesses
- A final exam at the end of the book
- No unnecessary technical jargon
- A time-saving approach to performing better on an exam at work

Simple enough for a beginner, but challenging enough for an advanced student, *Medical Billing and Coding Demystified* is your shortcut to becoming an integral part of any healthcare team.

Users Review

From reader reviews:

Ana Lopez:

The book Medical Billing & Coding Demystified can give more knowledge and information about everything you want. Why must we leave the good thing like a book Medical Billing & Coding Demystified?

A number of you have a different opinion about book. But one aim that book can give many details for us. It is absolutely proper. Right now, try to closer together with your book. Knowledge or details that you take for that, you can give for each other; you can share all of these. Book Medical Billing & Coding Demystified has simple shape however, you know: it has great and big function for you. You can seem the enormous world by open and read a reserve. So it is very wonderful.

Loretta Tellis:

Spent a free time for you to be fun activity to complete! A lot of people spent their leisure time with their family, or their very own friends. Usually they undertaking activity like watching television, likely to beach, or picnic inside the park. They actually doing same thing every week. Do you feel it? Will you something different to fill your own free time/ holiday? Might be reading a book is usually option to fill your free of charge time/ holiday. The first thing you will ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the book untitled Medical Billing & Coding Demystified can be good book to read. May be it may be best activity to you.

Kim Romero:

People live in this new time of lifestyle always aim to and must have the extra time or they will get large amount of stress from both day to day life and work. So , if we ask do people have extra time, we will say absolutely indeed. People is human not only a robot. Then we request again, what kind of activity do you have when the spare time coming to you actually of course your answer may unlimited right. Then do you ever try this one, reading books. It can be your alternative with spending your spare time, the particular book you have read is actually Medical Billing & Coding Demystified.

Virginia Berry:

Are you kind of active person, only have 10 or maybe 15 minute in your morning to upgrading your mind proficiency or thinking skill possibly analytical thinking? Then you are experiencing problem with the book than can satisfy your short space of time to read it because this all time you only find guide that need more time to be go through. Medical Billing & Coding Demystified can be your answer since it can be read by anyone who have those short extra time problems.
