## **ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) By Richard G. Wiley**

Combining and updating the author's two definitive volumes on electronic intelligence (Elint), this is your indispensable reference on radar's role in Elint. Starting with the basic theory of range equations and probability of intercept, the book examines Elint systems characteristics, performance issues, and essential functions. It gives you new insight into Pri and intrapulse analysis so you can obtain better results and more data for identifying signals. Supported with over 240 illustrations and more nearly 300 equations, this in-depth resource helps you more fully understand the benefits and limitations of Elint information that is so crucial in electronic warfare. You learn how to draw more cohesive conclusions about radar's capabilities that are implied by observed signal parameters. Moreover, the book teaches you how to recognize the strengths and weaknesses of different receiver configurations and master the challenges of Lpi radar signals.

### **Editorial Review**

#### **About the Author**

Richard G. Wiley is currently vice president and chief scientist of Research Associates of Syracuse, Inc. and an instructor in the continuing education programs in engineering for the AOC, George Washington University, and the IEEE. Dr. Wiley is also the author of Electronic Intelligence: The Analysis of Radar Signals, Second Edition (Artech House, 1993).

### **Users Review**

#### **From reader reviews:**

##### **Connie King:**

Book is written, printed, or outlined for everything. You can know everything you want by a publication. Book has a different type. As you may know that book is important issue to bring us around the world. Alongside that you can your reading expertise was fluently. A e-book ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) will make you to be smarter. You can feel a lot more confidence if you can know about almost everything. But some of you think in which open or reading any book make you bored. It is far from make you fun. Why they can be thought like that? Have you searching for best book or ideal book with you?

##### **Philip Cooper:**

Do you one among people who can't read pleasurable if the sentence chained inside straightway, hold on guys this kind of aren't like that. This ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) book is readable by you who hate the perfect word style. You will find the info here are arrange for enjoyable reading experience without leaving perhaps decrease the knowledge that want to supply to you. The writer involving ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) content conveys the thought easily to understand by many individuals. The printed and e-book are not different in the information but it just different available as it. So , do you even now thinking ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) is not loveable to be your top record reading book?

##### **Laura McLaughlin:**

Nowadays reading books become more than want or need but also become a life style. This reading practice give you lot of advantages. Advantages you got of course the knowledge the particular information inside the book this improve your knowledge and information. The knowledge you get based on what kind of reserve you read, if you want attract knowledge just go with schooling books but if you want feel happy read one having theme for entertaining such as comic or novel. The particular ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) is kind of reserve which is giving the reader unpredictable experience.

**Luther Keller:**

This ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) is great guide for you because the content and that is full of information for you who always deal with world and get to make decision every minute. This particular book reveal it data accurately using great organize word or we can state no rambling sentences inside. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but tricky core information with lovely delivering sentences. Having ELINT: The Interception and Analysis of Radar Signals (Artech House Radar Library (Hardcover)) in your hand like keeping the world in your arm, information in it is not ridiculous a single. We can say that no e-book that offer you world in ten or fifteen minute right but this publication already do that. So , this really is good reading book. Hi Mr. and Mrs. occupied do you still doubt that will?
