Free Fire: A Joe Pickett Novel By C. J. Box

A Joe Pickett novel from the *New York Times* bestselling author of *Endangered*.

Joe Pickett's been hired to investigate one of the most cold-blooded mass killings in Wyoming history. Attorney Clay McCann admitted to slaughtering four campers in a back-country corner of Yellowstone National Park—a "free-fire" zone with no residents or jurisdiction. In this remote fifty-square-mile stretch a man can literally get away with murder. Now McCann's a free man, and Pickett's about to discover his motive—one buried in Yellowstone's rugged terrain, and as dangerous as the man who wants to keep it hidden.

Editorial Review

From Publishers Weekly

Starred Review. When four environmental activists employed by Yellowstone Park are murdered in an isolated area, the Wyoming governor sends outspoken Joe Pickett, fired in his last outing, *In Plain Sight* (2006), from the state's game and fish department, to investigate in Anthony-winner Box's absorbing seventh crime novel, his best yet. Helped by astute park ranger Judy Demming and his antisocial pal, falconer Nate Romanowski, Joe gradually connects the murders to competition for bio-mining rights in Yellowstone's hot springs. Joe's often harassed family is on the sidelines, except for a startling appearance by his long-estranged father. Box skillfully weaves ominous scientific phenomena and legal loopholes peculiar to Yellowstone into his story of corruption, greed and deception. The author vividly evokes Yellowstone's natural beauty, but the book's real power emanates from Pickett's (and Box's) passion for preserving the wilderness and stopping those who would cynically destroy it. (May)

Starred Review Box set the standards so high with his Joe Pickett series that, once in a while, he's had a hard time getting over the bar himself, as with *In Plain Sight* (2006), where he just tripped it with his toe. In *Free Fire*, however, he gets over cleanly. Pickett, having been fired as a game warden, is working as foreman of his father-in-law's ranch when Wyoming's loose-cannon governor, Spencer Rulon, reinstates him--not to work his old district but to investigate, without official support, a crime in Yellowstone National Park. A lawyer has found a legal loophole that allows him to kill four campers and walk away scot-free, enraging Rulon. (A remote, uninhabited part of the park, soon dubbed the "Zone of Death," has murky jurisdiction and no residents to form a jury.) But, sure as Pickett is hard on government vehicles, there's something even more sinister than a twisted legal mind behind the murders. Box is a master at working New West issues into his stories--here it's something called biomining--exploring pro and con arguments without missing a storytelling beat. And, mining series gold, he's forged a perfect alloy of familiar and fresh. Though Joe's far out in no-man's-land, as professionally on his own as he's ever been, the family man's moral compass is as strong as ever. And setting the action in the bubbling Yellowstone caldera--which could blow sky high any minute, we're told--is a masterstroke, lending both urgency and the long view to the proceedings. Once again, recommended for practically everybody. *Keir Graff*

Review

Joe doesn't let us down... exhilarating. New York Times Absorbing... his best yet. The author vividly evokes Yellowstone's natural beauty, but the book's real power emanates from Pickett's (and Box's) passion for preserving the wilderness and stopping those who would cynically destroy it. Publishers Weekly

STARRED REVIEW Box knows how to turn on the nail-biting suspense and violence until the cliff-hanger of an ending. Library Journal *STARRED REVIEW* One of the most talented thriller writers at work today. Daily Express One of today's solid-gold A-list must-read writers. -- Lee Child
