Intermediate Chinese: A Grammar and Workbook (Grammar Workbooks)

By Yip Po-Ching, Don Rimmington

Intermediate Chinese is intended for students who have some knowledge of the language. Each of the twenty five units deal with a particular grammar point and provide associated exercises. Features include:

- * clear, accessible format
- * many useful language examples
- * jargon-free grammar explanations
- * ample drills and exercises
- * full key to exercises

All Mandarin Chinese entries are presented in both *pinyin* romanization and Chinese characters, and are accompanied, in most cases, by English translations to facilitate self-tuition in both written and spoken Chinese.

Intermediate Chinese reviews the principal elements introduced in *Basic Chinese* and introduces more complicated structures. The two books form a compendium of all the main features of Chinese syntax.
