## Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music By Richard Taruskin

The universally acclaimed and award-winning Oxford History of Western Music is the eminent musicologist Richard Taruskin's provocative, erudite telling of the story of Western music from its earliest days to the present. Each book in this superlative five-volume set illuminates-through a representative sampling of masterworks- the themes, styles, and currents that give shape and direction to a significant period in the history of Western music.

This first volume in Richard Taruskin's majestic history, *Music from the Earliest Notations to the Sixteenth Century* , sweeps across centuries of musical innovation to shed light on the early forces that shaped the development of the Western classical tradition. Beginning with the invention of musical notation more than a thousand years ago, Taruskin addresses topics such as the legend of Saint Gregory and Gregorian chant, Augustine's and Boethius's thoughts on music, the liturgical dramas of Hildegard of Bingen, the growth of the music printing business, the literary revolution and the English madrigal, the influence of the Reformation and the Counter-Reformation, and the operas of Monteverdi. Laced with brilliant observations, memorable musical analysis, and a panoramic sense of the interactions between history, culture, politics, art, literature, religion, and music, this book will be essential reading for anyone who wishes to understand this rich and diverse period.

### Editorial Review

#### Review

Praise for Richard Taruskin's Oxford History of Western MusicR, 6-volume set

"Most of the news in classical music takes place on stage or on disc. But at the moment, one of the biggest stories (in more ways than one) is taking place on the printed page." --The New York Times

"Erudite, engaging, and suffused throughout with a mixture of brilliance and delirium." --Washington Post

"Taruskin's chef-d'oeuvre, however, is a feast of contrarian ideas, with enough spice to sting the palate of anyone with a stake in telling the old stories in the old way. It aims for nothing less than the revaluation of practically everything you thought you knew about classical music....Taruskin's magnum opus is a must-read, and in its way, a real page-turner of detective non-fiction. It's a cinch to become the most discussed music title of the year, if not of the decade."-- The Globe & Mail

"The book is nothing short of spectacular" - New Music Box

"There's plenty to keep you amused and enlightened - it's very good reading." - American Record Guide

"Rather than assemble an overview, Taruskin has written a critical, subjective history in which he examines the influence of key figures, works, and musical ideas against the backdrop of world affairs and cultural history."-Berkeleyan

"Musicians, students, historians, and other readers wishing a detailed narrative about the career, patronage, musical influences, reception, and creative production of western composers, as well as the development of musical styles will find this a fascinating and satisfying resource." --Reference and Research Library Book News

"Most of the news in classical music takes place on stage or on disc. But at the moment, one of the biggest stories (in more ways than one) is taking place on the printed page." --The New York Times

### Users Review

#### From reader reviews:

**Dee Alaniz:**

Why don't make it to become your habit? Right now, try to prepare your time to do the important act, like looking for your favorite guide and reading a reserve. Beside you can solve your condition; you can add your knowledge by the book entitled *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music*. Try to make the book *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music* as your good friend. It means that it can be your friend when you experience alone and beside that course make you smarter than ever. Yeah, it is very fortunate for you personally. The book makes you considerably more confident because you can know almost everything by the book. So, we need to make new experience and knowledge with this book.

**Wilma Richards:**

The book *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music* can give more knowledge and information about everything you want. Why must we leave the great thing like a book *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music*? Some of you have a different opinion about guide. But one aim this book can give many facts for us. It is absolutely right. Right now, try to be closer along with your book. Knowledge or facts that you take for that, it is possible to give for each other; it is possible to share all of these. Book *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music* has simple shape however you know: it has great and large function for you. You can look the enormous world by available and read a e-book. So it is very wonderful.

**Marla Fiske:**

Book is to be different for each and every grade. Book for children until adult are different content. As you may know that book is very important normally. The book *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music* ended up being making you to know about other information and of course you can take more information. It is rather advantages for you. The reserve *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music* is not only giving you far more new information but also being your friend when you feel bored. You can spend your current time to read your guide. Try to make relationship using the book *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music*. You never feel lost out for everything if you read some books.

**Mary Fix:**

This *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music* is a great publication for you because the content that is certainly full of information for you who have always dealt with world and still have to make decision every minute. That book reveals it accurately using great coordinate words or we can point out no rambling sentences included. So if you are reading that hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but hard core information with beautiful delivering sentences. Having *Music from the Earliest Notations to the Sixteenth Century: The Oxford History of Western Music* in your hand like having the world in your arm, information in it is not ridiculous a single. We can say that no book that offers you world throughout ten or fifteen minutes

right but this reserve already do that. So , this can be good reading book. Hey there Mr. and Mrs. stressful do you still doubt that?
