Brave Men - Dark Waters By Orr Kelly

STRIKE HARD. STRIKE FAST.

STRIKE FEAR INTO THE HEART OF THE ENEMY.

They operate by sea, air, and land, descending from the night sky, rising from the ocean depths, striking their targets with deadly efficiency, then vanishing into the darkness from which they emerged. From the dank jungles of Vietnam to the tropical shores of Panama to the blistering sands of Saddam Hussein's Iraq, the U.S. Navy SEALS have become the most fearsome special operations force in the world, living by the motto "The only easy day was *yesterday*."

In this unparalleled account of the origin, evolution, and future of this revered military elite, Orr Kelly brilliantly reveals their tactics and their methods, their past triumphs and scandals, including the celebrated Richard Marcinko (*Rogue Warrior*) case. *Brave Men-Dark Waters* leads us into the shadowy realm of danger and deception where SEAL commandos live -- and sometimes die -- by their own rules.

Editorial Review

From Publishers Weekly

The best work to date on the SEAL (acronym for "Sea, Air, Land") unit, this well-written survey presents the unit's history from its origins in the underwater demolition teams of WW II, through its Vietnam incarnation as a group of scouts and raiders, to its present status as an elite special-missions force. Kelly (King of the Killing Zone) does not whitewash such controversial aspects as the commandos' role in the invasion of Panama and the scandals surrounding the controversial antiterrorist "Team Six" in the 1980s. He is, however, generally positive in evaluating SEAL performance. He also argues convincingly that in the future the SEALs should concentrate on clandestine small-unit operations, as opposed to larger-scale raiding missions of the kind they performed in Panama.

Copyright 1992 Reed Business Information, Inc.

From Library Journal

Readers who enjoyed Kelly's previous books-- King of the Killing Zone (Norton, 1989) about the M1 Abrahams, and Hornet: The Inside Story of the F/A-18 (Presidio Pr., 1990)--will enjoy Brave Men, Dark Waters . The U.S. Navy SEALs (Sea, Air, and Land) may be the most elite special operating force in the world today. Created during World War II, they cleared the approaches to Normandy. In Vietnam, they were able to deny whole areas of the country to the Communists. After the invasion of Panama, during which the SEALs lost 11 men, killed or wounded, they were forced to think more about the role they should play in the future. Kelly, a veteran defense correspondent, has written the most complete in-depth study of this fabled elite unit. Recommended.
