## Medical Terminology Essentials By Lisa Breitbard Nina Thierer

Essentials of Medical Terminology is a precise, completely up-to-date, student-oriented text that is ideal for the one-semester course in Medical Terminology. The text emphasizes real world applications of the vocabulary of medicine, and students will see current medical events reflected in this book. The main text is accompanied by an outstanding selection of supplementary learning resources. Essentials of Medical Terminology concentrates on just the key terms and concepts that can be taught in a half-year course. Its clean, uncluttered design keeps readers' attention focused on learning these basic terms, and definitions are kept concise. The interactive Essentials of Medical Terminology Student CD-ROM, and Audio Program CD-ROMs (2-disk audio CD set), linked directly to the text and its selection of terms, are included with each copy of the text. They provide a powerful suite of learning tools geared to the diverse learning styles of today's students. A Spanish-English Audio CD-ROM is also available for student purchase. The Student CD-ROM is set up by text chapter, and includes a variety of games and skill-building activities such as key terms with audio, flash cards, word building, multiple choice and true/false questions, matching, crossword puzzles, and a game called "That's Epidemic". A progress review component records and prints student progress reports. The CD-ROM is ideal for reviewing terms, for group activities, and for courses that have a self-study component.

## **Editorial Review**

### **Users Review**

#### **From reader reviews:**

##### **Douglas Whatley:**

What do you think of book? It is just for students since they're still students or that for all people in the world, what best subject for that? Simply you can be answered for that issue above. Every person has different personality and hobby for each other. Don't to be compelled someone or something that they don't want do that. You must know how great as well as important the book Medical Terminology Essentials. All type of book would you see on many solutions. You can look for the internet methods or other social media.

##### **Jenny Perez:**

The book untitled Medical Terminology Essentials contain a lot of information on it. The writer explains the woman idea with easy way. The language is very easy to understand all the people, so do not worry, you can easy to read it. The book was authored by famous author. The author will bring you in the new period of time of literary works. It is possible to read this book because you can read on your smart phone, or program, so you can read the book inside anywhere and anytime. If you want to buy the e-book, you can available their official web-site and also order it. Have a nice study.

##### **Henry Hedrick:**

That guide can make you to feel relax. This particular book Medical Terminology Essentials was colourful and of course has pictures on there. As we know that book Medical Terminology Essentials has many kinds or style. Start from kids until adolescents. For example Naruto or Private investigator Conan you can read and think you are the character on there. So , not at all of book usually are make you bored, any it offers you feel happy, fun and relax. Try to choose the best book for you personally and try to like reading that will.

##### **Adam Tonn:**

As a student exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some reserve, they are complained. Just small students that has reading's spirit or real their interest. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful pics on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Medical Terminology Essentials can make you truly feel more interested to read.
